# The Modern Mindset OF MEDIATION

**Philip A. Di Pippo Esq.**

Accomplished Attorney with Exceptional Depth of Experience Across Defense & Plaintiff Bars, Joins SSAM ADR Panel of Neutrals

“I want to know both sides of the presented case as if it’s my file; only then can I gain the necessary trust, respect of both sides, and move forward towards a resolution. This takes work and dedication, and the parties know immediately that I care and want to work through the difficult issues. For me, preparedness is the epitome of success”

“I am blessed with 34 years of litigation experience with both the defense and plaintiff bars in handling everything from simple auto cases to high profile multi-million-dollar construction accidents. I have been fortunate to have worked with and been trained by some of the best litigators in the country. And that’s not exaggeration. These past experiences have shaped my love and appreciation for the law and my enthusiasm for helping both parties work through whatever issues they have in finding a resolution they can be proud of. Success for me is when all parties obtained the best outcome for their clients.”
